ABC Infected Stores positive test protocol:

All above employees were put on a 14 day quarantine and employees having direct contact with the infected employee were tested and quarantined as necessary. The stores were closed for business and professionally cleaned and sanitized for COVID-19. The stores re-opened the next day using a team of employees from store locations that had no incident of infection.

All ABC Stores are strictly following Health Department and CDC guidelines:

- All employees are temperature checked before their workday. Employees that have a temperature of 100.4° or higher and/or cold symptoms are isolated and sent home.
- Physical distancing between our employees and customers are monitored and controlled. 6 feet distancing floor signs are placed at checkout areas.
- All checkouts in operation have Plexiglas barriers.
- Sanitation stations are available at the entrance and throughout the stores.
- Masks are required and must be worn properly.
- Frequent handwashing and sanitizing is required.
- Frequent and consistent cleaning and disinfecting of objects and surfaces is required.
